- That disagreements about money, intimacy, or family are common and manageable when addressed openly.

Implication: Regular, honest conversations about expectations create a solid foundation and prevent resentment from building over time.

What I Wish I Knew:

- That financial incompatibility can be more damaging than other issues.

- That discussing money early, including debts, savings, and spending habits, is crucial.
- That creating a joint financial plan aligns goals and reduces stress.

Implication: Being transparent about finances and establishing shared financial goals before marriage can prevent disputes and foster trust.

Alzheimer's disease, a progressive neurodegenerative disorder, primarily affects older adults, leading to memory loss, cognitive decline, and changes in behavior.
