Writing Section Answers and Tips

Task 1: Letter Writing

Typical Question: You recently visited a hotel that you were dissatisfied with. Write a letter to the hotel manager explaining the issues you faced and what you would like them to do about it.

Sample Answer (Band 7+)

Dear Sir/Madam,

I am writing to express my dissatisfaction with my recent stay at your hotel, the Ocean View Inn, from March 10th to March 12th.

Firstly, upon arrival, I found that my room was not clean, with dirty linens and leftover trash from previous guests. Additionally, the air conditioning was malfunctioning, making my stay uncomfortable, especially during the warm evenings. I also experienced noise disturbances from ongoing construction work nearby, which was not communicated to me at the time of booking.

I kindly request that you investigate these issues and consider offering compensation for the inconvenience caused. Furthermore, I hope that your staff will improve the quality of room cleaning and provide accurate information about ongoing renovations to future guests.

I look forward to your prompt response and a resolution to these concerns.

Yours sincerely,

[Your Name]

Task 2: Essay Writing

Typical Question: Some people believe that technological advancements have improved our lives, while others think they have caused problems. Discuss both views and give your opinion.

Sample Answer (Band 8+)

Technological progress has undeniably transformed various aspects of our daily lives, prompting a debate about whether these changes are beneficial or detrimental. On one hand, advancements such as the internet, medical innovations, and communication tools have enhanced convenience, efficiency, and healthcare. On the other hand, critics argue that technology has contributed to social isolation, privacy concerns, and environmental degradation.

Proponents of technological progress highlight how smartphones and the internet facilitate instant communication and access to information, fostering global connectivity. Medical breakthroughs have increased life expectancy and improved disease management, saving countless lives. For example, telemedicine allows patients in remote areas to consult specialists without traveling long distances.

Conversely, opponents contend that excessive reliance on technology can lead to social

disconnection, as face-to-face interactions diminish. Privacy breaches and data theft have become common, raising security concerns. Moreover, the production and disposal of electronic devices contribute significantly to environmental pollution.

In my opinion, while technology has introduced some challenges, its benefits outweigh the negatives when used responsibly. The key lies in harnessing technological tools to enhance quality of life while mitigating their adverse effects through regulation and awareness.
